

13 June 1958

MEMORANDUM FOR: 25X1A9a
SUBJECT: Transmittal of Documents to 25X1X7

1. It would be appreciated if you would pass the following and the attached two thermofax copies to [REDACTED] 25X1X7
with the hope that he will wish to pass one copy on to 25X1X7 [REDACTED]

2. They will recall the discussion [REDACTED] 25X1A9a and I had with them on 27 May. Our "draft" did not say there are underground cables Mo to VL, but for the sake of clarity we rephrased the sentence.

3. The "draft" will be published and distributed in 25X1X7 early July, so that [REDACTED] will have the Mo map he wanted. The associated source and description list will be duplicated and sent on later this month or early July.
